### BRAND INFORMATION

1664 Blanc 0.5% is a premium non-alcoholic beer with a delicious and refreshing taste. It is brewed to have the same timeless taste as our regular 1664 Blanc, but with only 0.5% alcohol.

All of this makes for a refreshing wheat beer with a timeless taste profile.

Our Brewmasters say this beer has a fruity and fresh character, with citrus and spicy notes of coriander. It is perfectly balanced with a rich malty body and a subtle sweetness.
